### HERE'S HOW IT WORKS

Go to [www.LiveAuctions.tv](http://www.LiveAuctions.tv). Please note that you do NOT need an account to watch the auction, but you do need to register an account and request a buyer number if you wish to bid. If you have not created a new account since September 1st, 2020 you will need to click "Register" in the top right corner of the homepage and create a new account. Once you have completed the form on this registration page and hit the "Register" button you will receive an e-mail with a place to click on to verify you have entered a valid e-mail address. Once you have completed this registration process, find the auction you are interested in on the homepage and click on it (sales are listed in chronological order). You should then see a box that says Login. Now that you have an account with LiveAuctions just type in your E-mail Address and Password. You will now see a hyperlink at the top that says "Request a Buyer Number". The first time you request your first buyer number on LiveAuctions it will send you a text message with a verification code in it. Type the code from the text message into the area requiring it and you will then see your name along with a buyer number listed at the top of the webpage where the live video is and you will be able to bid. You will only have to complete this two-step verification process one time. After that you will be able to immediately request a buyer number on any auction without verification through an e-mail or text message again.

LiveAuctions no longer requires an app. If you wish to view/register/bid on a smartphone just type LiveAuctions.tv in whatever web browser you use. The registration process is the same as it is on a desktop computer, but the website is built mobile friendly. Click on the three lines in the top right corner to access the menus.

**Bidders who are successful in making purchases will be contacted by the ranch after the auction to settle payment and discover your shipping plans.**

**If you need help registering to bid or to view the auction please call Technical Support at (682) 816-4900 or e-mail us at [TechSupport@LiveAuctions.tv](mailto:TechSupport@LiveAuctions.tv).**

- Easy start here with this bull due to his uniqueness of calving ease and performance.
- There are a few animals in the breed with the combination of CE, performance, and look that this one has.
- Sired by the popular NJW 254G bull and our lead donor, NJW Rita 24H, who has the potential to be a foundation female that can alter an operation for years to come. This first natural calf of her's is the first chance to tap into her genetics. We think an awful lot of this cow.
- BW: 70 lbs
- Homozygous polled
- Pigment: RE- 100 / LE - 100
- Terms available sale day.

- Herd Bull Alert Here!
- We have used Night Train as a herd sire ourself for several years and have been exceptionally pleased. To have a bull that moves as well as he does with the amount of muscle and body that he also carries is very exceptional. Adding value is him being a son of the prominent T124 donor cow that did so much good for us while she was here.
- A former two-time southeastern regional champion bull it's hard to let this one go.

- Steadfast was one of the high selling bulls in the NJW Bull sale in March 2022 and is truly one of a kind in our eyes.
- His sire, Endure 173D, needs no introduction and his dam is the great donor, Home Maker 202C, that has played such a significant role in the NJW program.
- 156J has the depth, shape, muscle and a very good set of numbers to go with his stellar pedigree. His eye appeal is just an added bonus.
- We are extremely eager to see how this guy grows, develops and leaves his mark on the Hereford breed.
- Proud to co-own him with 5J's Herefords, Clayton, NC., Woolfolk Farms, Jackson, TN., and NJW Polled Herefords, Sheridan, WY.
- Leased to ST Genetics who have semen available for purchase.

- She is a bit of an outcross on the bottom side being from a straight Line One horned pedigree. The upside on her is tremendous.
- Her mother is one of my personal favorites on the entire farm when it comes to udder quality and production as well as maintaining her body condition throughout the raising of her calf every year.

- Possibly our best 332A daughter born to date. 2382 exhibits so much of what we strive for in our program — depth of body, udder development, pigment, and just overall broodiness. A natural calf out of our 1962 donor this girl here is truly something special. She could go in the donor pen in almost any place in the country. We think so very highly of this female.

- A beautifully uddered Game Over daughter. The only reason we are selling this girl is because we already have a couple females out of her in the herd in production and we are tickled to death with them. This is one that can just flat produce.
