At Damhert, we think about the future and animal welfare together. 'Love our planet' is the message we want to convey with our "Spirulina wafer".

Spirulina is a microscopically small spiral-shaped, blue-green algae with an amazing nutritional profile. Spirulina is one of the richest sources of protein. Its protein content is approximately 60-70%. This makes it ideal for vegetarians and vegans. Go green, and enjoy this snack.

What is good for you is good for our planet!
