

## Workplace Solution: Logitech Dock Station Desktop

### ***Back to business with minimum downtime***

Mobile users, whose main tool is a notebook, need a convenient, ergonomic set-up back at the office to be productive with minimum downtime. Logitech's **Dock Station Desktop** peripherals overcome the limitations of working with a notebook alone, improving user productivity, working ease and comfort, as well as supporting PC telephony.

#### **Business benefits:**

- Designed to support ergonomic work habits
- Optimised for the docking station environment
- Easy installation – driver-free
- Low IT maintenance.

### **Logitech® UltraX™ Premium Keyboard**

With soft-touch ultra-flat keycaps replicating the notebook typing experience, the stylish, low-profile design of UltraX™ Premium Keyboard remains comfortable even for prolonged use. The keyboard incorporates six multi-media and internet hot-keys which are fully functional without having to install any drivers (Windows XP and higher). Simply plug in the USB and Logitech's UltraX™ works immediately.

### **Logitech® MX400™ Performance Optical Mouse**

Logitech's MX™400 redefines advanced performance in blending superior comfort with precision laser optical technology. The contoured right-handed shape and soft rubber grip make using the MX™400 effortless. Logitech's advanced laser technology means ultra-precise tracking on almost any surface, including those that resist traditional optical mice. Additional controls simplify many navigational tasks.

### **Logitech® Premium Stereo USB Headset 350**

Logitech's Premium USB Headset 350 is ideal for PC telephony, or video and voice communication. Its advanced digital USB streaming audio provides superior stereo audio clarity with the simplicity of a single USB plug-and-play connection. The noise-cancelling microphone filters out office noise, while plush ear pads and the premium headband enhance user comfort.
