Sustainable

We offer a range of eco-friendly products across all categories, helping your business to be more green.

Recycled/Recyclable

Sustainable products are a great way for you to reduce your impact on the Environment.

Free On Loan

We offer items such as dispensers on a free on loan agreement. Contact our sales team for more information.

VISION

Providing industry-leading service, making cleaning & hygiene simple, efficient, and cost-effective for all.

MISSION

Your Needs

Every customer's requirements are unique. We will always find a way to fulfil our customers needs, whether it's innovation, sustainability, or cost-effective solutions.

Our Expertise

Continuous improvement is core to what we do, our people undertake regular training ensuring that we can better our services with every customer experience. Our expertise is underpinned by over 30 years of industry experience & knowledge, and we will use this to provide our customers with solutions bespoke to their requirements.

VALUES

Continuous Improvement

We are committed to continuously improve in all aspects of our service. From coaching our people, to bettering our commercial understanding, there is always room for improvement.

Honesty & Integrity

With transparency at the forefront, we will always be honest with our customers, with all advice underpinned by years of industry knowledge & training.

Innovation & Sustainability

We continuously work with our suppliers to bring the latest industry innovations to our customers, helping to make cleaning a simple, safe, sustainable & effective task.

Safety & Wellbeing

We are committed to improving the safety of both our people and our customers. A safe working environment is a happy working environment, and we want to extend this further than our own premises.

Our People

Active involvement from top to bottom is integral to the success of any organisation. We carefully select individuals to ensure the success of our team & improve our services.

Customer-Focused

Customers are at the core of every business activity here. Our product range, our training & our people are all carefully selected to improve the customer experience.

VITAL 4D OUR VISION FOR SUSTAINABLE CLEANING

VITAL 4D is a cleaning approach that leaves nothing to chance.

The approach combines 4-dimensional cleaning expertise with cleaning products, equipment and machines to achieve cleaner, healthier, more hygienic buildings.

The range has been procured by Newline to make cleaning your buildings easier and more efficient.

Combining cleaning with an eco-friendly and cost-effective approach will help you see the benefits for years to come.

VITAL 4D treats each dimension of a room, office, meeting place or workspace as separately as part of the whole, dividing each room into its constituent parts for systematic treatment.

The result is a cleaner, healthier buildings.

Floor cleaning is possibly the most common aspect in the cleaning regime, with most cleaners typically spending up to 60% of their day vacuuming or manual mopping. High traffic areas in any building may harbour dirt and disease walked in from the external environment. The Vital 4D approach to Floors aims to reduce cleaning time & improve the efficacy of your cleaning staff.

Co-Botic 1700
I22.018
Co-Botic 1700 Station
I22.019

The Co-Bot 1700 can be programmed to vacuum spaces as precisely and efficiently as possible. With the i-team professional app, you can divide the room into several zones and view day to day information. It's also possible to create virtual boundaries to setup your device as precisely as possible. No time for that? The Co-Bot 1700 can also program itself to perform the most efficient cleaning job.

i-Vac

Cleaning with a battery powered vacuum cleaner is a quick time saver. Unwinding, plugging in & out and rewinding takes 30 seconds every time. Cleaning a hotel with 20 rooms with an i-Vac saves you 61 hours every year. Just put it on and start working non-stop. The cassette filter prevents tiny harmful particles like dust, bacteria and dust mites from being reintroduced back into the environment. Improved air quality is the result. With its powerful motor and design vac is a compact battery powered vacuum cleaner with amazing airflow and suction power.

i-Mop

The i-Mop range presents an opportunity for you to dramatically improve your cleaning and maintenance operations while saving you time and money. As a heavy duty auto scrubber, the i-Mop family cleans up to 70% faster than conventional wet mopping and up to 30% faster than conventional auto scrubbing. The i-Mop and its ability to get right to the edge and under obstacles means a virtual elimination of manual operations that are required to supplement conventional machine scrubbing. ATP testing confirms that i-mop's twin counter-rotating brushes deep scrub for 90% cleaner surfaces compared to conventional mopping. Modular HACCP colour coded accessories help you prevent cross contamination in food prep and hygiene-critical areas

Walls may not be included into everyone's cleaning schedule due to accessibility issues, lack of proper equipment, or time constraints. Dirt & grime on walls is always present, even if it's not visible. The 4D approach aims to provide you with the equipment and knowledge you need to overcome these challenges.

Motorscrubber JET3

I01.052

JET3's compact size allows you to deep clean your floors, walls and stairs. Fitting into spaces other machines simply cannot reach, JET3's powerful scrubbing action releases engrained dirt from any surface. Scrub walls up to 3m (9.8ft). JET3 is extremely lightweight at under 2kg (3.3lbs), making it perfect for prolonged use.

The M10 motor delivers 10,000rpm, geared to 360rpm. It still spins at over 200rpm when 7kg (15.4lbs) of weight is applied to the machine. The super reliable high torque motor gives outstanding cleaning results.

Motor Scrubber Shock

I01.064

Clean all access areas with MotorScrubber's Shock - the lowest profile cleaning head in the world!

Shock utilises shock-wave technology and delivers a ground breaking performance that is second to none. The oscillation technology agitates deep ingrained dirt and grime, removing it from both small and medium surface areas with precision and speed.

THE NEWLINE HEALTH CHECK

How do you know if your premises are clean? They may look or smell clean, but how do we actually know? As part of our cleaning health check, we are able to measure this, so you can be sure that your staff members are cleaning the right areas with the correct products and equipment. We provide you with a report at the end, which includes photos and recommendations for you to share with your team in order to continually improve standards.

What is included in the Health check?

Areas

- ✔ Kitchens
- ✔ Laundry
- ✔ Store Cupboard
- ✔ Bedrooms
- ✔ Public Areas
- ✔ Washrooms

What's included:

- ✔ Signage
- ✔ COSHH
- ✔ ATP Swab Testing
- ✔ PPE checks
- ✔ Equipment checks
- ✔ Dispenser checks

Plus much more....

Disclaimer – The Newline Health Check is for information only and does not constitute, and should not be used as a replacement for, the company's own monitoring procedures. Reports are based on observations made at the time of the visit, and we suggest that all recommendations are carried out as soon as possible.

VITAL 4D SURFACES

Surfaces such as worktops, desktops, furniture & doors can all harbour dirt, germs & viruses. Dimension 3 is aimed to help you eliminate these in a way that is efficient & saves you time. Surface materials can vary from sector to sector, and so we have carefully selected our 4D products with an all-round approach in mind.

Tersano

The SAO Dispenser from Tersano is a simple and sustainable way to clean, sanitize and deodorize everyday surfaces. Our wall-mounted device produces Stabilized Aqueous Ozone (SAO®) on-demand using only cold tap water and oxygen from the air around it. Stabilized Aqueous Ozone (SAO) works by attacking organic matter, breaking it down into smaller particles and suspending it in solution. This reaction is called oxidation — and it's what makes SAO so powerful. In fact, SAO exceeds Green Seal Standards (GS-37 and GS-53) as industrial cleaner.

Tersano Wall-Mounted Unit I01.300

SAO technology is patent-protected and revolutionary. It creates an all-in-one solution, approved for sanitizing up to 24 hours and cleaning for six days.

Did we mention it's incredibly safe? On-site generation eliminates transport, storing and mixing. And when the job is done, it reverts

back to water and oxygen with zero impact to our planet and waterways.

Professionals enjoy amazing performance while saving on traditional harsh chemicals. The SAO Dispenser is compact and fits easily into all janitor's closets.

Tersano Refill - 4 Hour Sanitising 3 Days Cleaning I01.301

Tersano Refill - 24 Hour Sanitising 6 Days Cleaning I01.302

Tersano Stabilised Aqueous Ozone (SAO) cleaner and sanitiser

Save up to 70% of your cleaning chemical budget with Tersano's natural and sustainable SAO solution. It's a chemical free, cost effective and safe cleaning solution that's more effective at killing germs than bleach!

Developed by Tersano, this system is 100% natural and needs just water, oxygen and electricity to create a powerful cleaning aid.

With no toxic chemicals, it is safe for use in areas where people live and work and can kill 99.999% of harmful bacteria without the need for potentially dangerous chemical cleaners.

The SAO Dispenser improves cleaning procedures by:

- Reducing your chemical expenditure by 70%
- Delivering a 25% average ROI via cost savings
- Eliminating harmful bacteria, germs and viruses including coronavirus, salmonella and E.coli
- Removing stains on surfaces and carpets without chemicals
- Cleaning without chemicals, toxins, VOC's, carcinogens or chemical residue
- Improving sustainability by eliminating toxic, chemical waste and reducing transportation costs and single use plastic packaging.

Reduced cardboard packaging

VITAL 4D

AIR

“Sick Building Syndrome” can result from poor air quality inside buildings, yet most cleaning regimes do not consider cleansing the air as a high-priority activity. Our range of 4D Air products have been carefully selected to make air-care simple, quick and easy for any cleaning team. Vital 4D’s approach is to “scrub” internal air, using high-grade equipment & HEPA filtration to detect & remove harmful particles.

Zona 620

I01.254

CADR = 620m³

Zona 490

I01.253

CADR 490m³

Zona 250

I01.252

CADR = 250m³

Zonitise offer world class HEPA air purification systems together with long-lasting antimicrobial coating solutions for surfaces and skin. The Zona range comes in a variety of shapes & sizes to suit the needs of your space. The first and most important consideration when purchasing a TRUE HEPA air purifier is to determine the correct size device for your space for maximum effectiveness.

Air purifiers should display their CLEAN AIR DELIVERY RATE ratings (CADR) which advise the volume of air that can be purified in 1 hour. For example, the ZONA 620 has a CADR of 620m³ per hour, this means that in a 60m² room, the air will be cleaned every 14 minutes.

/// To create a healthy, comfortable indoor environment, we need to optimize the indoor conditions. ///

A single sneeze can expel up to 40,000 virus-containing droplets which may linger in the air for up to 8 hours. Our range of air filtration units are a market-leading solution that can kill 99.99% of all airborne pathogens.”

Zona Ceiling Mounted Unit

I01.255

The ZONA CM provides a permanent and proven solution to improve the air you breathe, without the need for costly upgrades to your HVAC system.

SUSTAINABLE PRODUCTS

Our commitment to sustainability goes beyond what we do as a business. We are also committed to helping our customers to become more sustainable & eco-friendly through the latest industry innovations.

Our range of sustainable products is designed specifically to help you reduce waste as well as your carbon footprint.

If you need any help choosing sustainable alternatives do not hesitate to call us and speak to one of our friendly & knowledgeable sales team.

SUSTAINABLE PRODUCTS

HOUSKEEPING

LEADERS IN SUSTAINABLE CLEANING PRODUCTS: BIOVATE, DELPHIS AND BIOHYGIENE

BioVate are a sustainable, eco-friendly alternative to your traditional catering chemicals. The BioVate range use safe & effective enzymes to help to breakdown grease & grime as well as destroy bacteria, viruses, and fungi. The enzymes are safe for people & planet, but effective as chemical alternatives.

Our mission is to be the leading innovator of ecological cleaning products. We are committed to developing effective plant-based cleaning solutions that actively contribute to waste reduction, pollution prevention, and the conservation of natural resources throughout their lifecycles.

BioHygiene is the UK market leader in biotechnology, with a vision to replace harmful and non-renewable chemical products with environmental alternatives to improve human and environmental health.

CATERING

Delphis Super Active Washing Up Liquid

1 x 5L – A36.038

Super Active Washing-Up Liquid is formulated with natural, active cleaning ingredients to give great results.

BioVate Greasetrap & Drain Maintenance

1 x 5L – A34.405

Concentrated bacterial formulation that eliminates odours and quickly bio-degrades fat accumulations and other organic residues in grease traps.

Biohygiene Kitchen Cleaner & Degreaser

2 x 5L – A39.028

An enzyme based no rinse, no slip cleaner formulated to permanently remove grease, fat and oil from slippery floors using renewable ingredients.

Delphis Machine Descaler 1 x 5L – A36.804

Descaler removes limescale and watermarks to leave surfaces clean. It is highly effective on kettles, irons, boilers, drinks machines, bain maries, water heaters, water coolers, etc.

ROOM CARE

BioVate Multipurpose Surface Cleaner

5L - A34.403 1L - A34.411S

A concentrated & versatile next-generation biological spray and wipe cleaner formulated to cut through tough dirt & grime.

Delphis Glass & Stainless Steel Cleaner

6 x 700ml – A43.800

Accredited Glass and Stainless Steel Cleaner leaves a sparkling, non-streaky and smear-free finish. It is safe to use on ceramic surfaces, mirrors, and chrome.

Biohygiene All Surfaces & Floor Cleaner

2 x 5L – A34.023

A highly concentrated biotechnology based all purpose cleaning product suitable for all surfaces in all areas offering superior cleaning/odour control.

Biohygiene Odour Stopper & Stain Spotter 6 x 750ml – A44.033

BioHygiene Odour Stopper & Stain Spotter utilises specialist enzymes to break down organic odours at the source and remove stains.

WASHROOM

BioVate Washroom Cleaner

5L - A34.401 1L - A37.411S

Specifically formulated to clean sanitary ware surfaces, leaving a hygienic environment with a pleasant fragrance.

BioVate Toilet Cleaner & Descaler

1L - A37.400

An eco citric acid daily toilet cleaner, use daily to keep toilets spotless and limescale at bay.

Delphis Washroom Cleaner 1 x 5L – A33.801

Ideal for daily use on all washroom surfaces including wash basins, baths, showers, taps, toilets, urinals, mirrors, floor and wall tiles. It leaves all surfaces streak-free and sparkling clean.

Biohygiene Toilet Cleaner 6 x 1L – A37.026

An effective cleaner made from tailored microbes and eco-friendly surfactants to quickly clean and deodorise urinals and toilets.

FLOORS

Pro Mist Microfibre Antibac Mop Kit

1 x 1 – A18.034

An innovative microfibre flat mop kit, which combines the new ergonomic Pro-mist spray handle and microfibre pads for effective, rapid response floor cleaning without the need for buckets or constant wringing out.

Pro Mist Microfibre Flat Mops

1 x 5 – A18.033G – Green

1 x 5 – A18.033B – Blue

1 x 5 – A18.033Y – Yellow

1 x 5 – A18.033R – Red

An antimicrobial microfibre flat mop which combines the cleaning power of microfibre with the antibacterial properties of silver Nano technology which prevents bacterial growth on the mop and reduces the reliance on cleaning chemicals.

Rokleen Maxi Pre-soaked Mopping Trolley

60 x 116 x 126cm – 101317

The Rokleen Maxi is for cleaning larger floor areas with pre-soaked microfibre. It includes red and blue 12L containers with lids and a 20L bucket with a hermetically sealed lid for flat mops. Also red and blue 60L waterproof bags for laundry nets and three anti-slip rubber handle holders. Laundry nets also available (Sold separately).

Rubbermaid Pulse Mop

Grey, 40cm Frame – A18.071

Includes a trigger handle with fluid reservoir and one 40cm Aluminium Frame

Weighs 1.7kg when fully loaded with solution

Red trigger handle dispenses the cleaning solution; one-handed operation; helps reduce RSI (Repetitive Stress Injuries)

Fill the reservoir with cleaning solution; reservoir window allows easy monitoring of fluid level

High-capacity refillable reservoir holds 0.6 L of solution to clean up to 80 m² of floor space; can be used with water only, bleach or cleaning solution

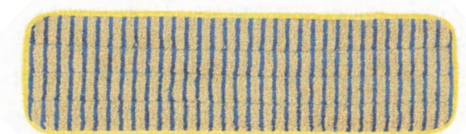

Thicker, seamless bladder for improved durability; sturdier connection between frame and pulse

One-handed operation, helps reduce RSI (Repetitive Stress Injuries)

Press the trigger handle to dispense three streams of cleaning solution behind the mop (non-atomising for greener cleaning)

Rubbermaid Microfibre Mop Head A18.070

Rubbermaid Microfibre Scrubber Head A18.073

Interchange 40cm Microfibre Flap Mop Frame A18.042

Interchange Microfibre Flat Mop Head 40cm

A18.043B – Blue

A18.043R – Red

A18.043G – Green

A18.043Y – Yellow

Tough and durable flat mop frame to fit a range of SYR flat mops, ideal for mopping, dusting and drying tasks. Interchange-compatible, foldable for easy storage and complete with a handy foot switch, allowing for quick and hygiene removal of the used mop pad. 40cm long.

SUSTAINABLE PRODUCTS

PAPER PRODUCTS

Choosing EcoNatural means choosing real sustainability. EcoNatural is the innovative paper system that gives new life to beverage cartons. Thanks to an innovative technology, Lucart separates the components of beverage cartons: from the cellulose fibres it creates Fiberpack®, with which it produces the EcoNatural paper - All the strength, absorbency and softness of a premium product with the guarantee of a safe and certified range.

SOAP2O

Delphis Antibac Hand Soap 1 x 5L – A60.800

Delphis anti-microbial hand soap has been specially formulated to provide safe, accessible hygiene where infection through cross-contamination is a problem. It can be used to sanitise hands prior to or following contact with patients, surfaces, animals, food, children etc.

BioVate Foaming Hand Soap 1 x 5L - A61.013

A foaming hand soap that is mild and gentle but produces a rich, deep cleansing lather. Contains effective bactericides to restore hands to a hygienic state.

Soap 2o Elegantly Eco Hand Soap - 1 x 12 Sachets

Pomegranate & Cranberry - A61.504
Fragrance Free - A61.510

Zero waste hand wash with SOAP₂O refillable hand soap. SOAP₂O soluble soap sachets are a powerful soluble soap solution formulated to clean and moisturize your hands. No need to worry about the environment because these soap sachets come in zero waste/ecofriendly packaging!

- ◆ Eco Friendly • Biodegradable
- ◆ No Plastic • Dissolves in 30 seconds

HOW TO USE SOAP₂O

making waves in saving the planet

DISPENSER

The dispenser can be filled using the 4L bottle method

1 Fill the 4L bottle with water to the fill line

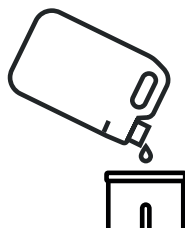

2 Add 4x 10g sachets to the bottle

3 Screw on the lid and shake the bottle

4 Shake, settle for 10 minutes and shake again before first use

5 Pour into the dispensing unit as required.

Soap2o Wall-Mounted Dispenser (900ml)

White - A61.506
Black - A61.507

SOAP₂O contemporary and stylish manual dispensers deliver the perfect dosage to reduce consumption by 85% meaning less refills and cost savings.

- ◆ 900ml Capacity
- ◆ 1600 Doses
- ◆ Easy Refill
- ◆ Wall mountable
- ◆ Colour options to suit any interior
- ◆ Sleek & Modern Design

Soap2o Bottle, Midnight Black

350ml – A61.049

Refillable bottles made from frosted glass to ensure the quality and feel of the Soap2o hand soap experience is luxurious.

SOAP₂

World's Most Sustainable Hand Soap

The Benefits

- Reduce plastic bottles
- Reduce carbon footprint
- Eco-friendly
- No animal testing
- Cost savings
- Eliminates single-use plastic
- Eliminates shipping
- Reduces transport
- Reduces storage
- Easy refill process
- Vegan friendly

MADE BLUE

SOAP20 are turning hand washing into a **charitable donation** through Made Blue! for every sachet sold, we donate 33L of fresh drinking water to those who need it most in Africa and Asia!

Does your business throw away plastic dispenser cartridges? **SOAP20 is the solution!** We also supply a fragrance free foaming hand soap too!

CATERING & HOSPITALITY

Newline boast a comprehensive range of catering equipment, disposables, dry goods, and cleaning products. We will always aim to meet your unique requirements, whether you are looking for sustainability, cost-effective options, or the latest industry innovations.

We have partnered up with BioHygiene, BioVate, Evans, and Delphis to bring you the most effective, and eco friendly chemicals to help keep your kitchens clean and safe for all.

CATERING & HOSPITALITY

KITCHEN CHEMICALS

KITCHEN CLEANING

BioVate All Surface Cleaner & Degreaser

1 x 5L – A34.402 1 x 1L – A34.406S

CATERING & HOSPITALITY

CROCKERY CUTLERY & GLASSES

Newline can provide you with a full range of crockery, cutlery & glasses. Whether you need a luxury set, or are working to a budget, we can help you find the right products.

Our range of excellent quality crockery, cutlery, and glasses includes premium, budget, and sustainable options, meaning we can source a set that aligns perfectly with your vision and business personality. From wine glasses to shot glasses and serving dishes to ramekin pots we can provide you with what you require in a large variety of materials, sizes, shapes, and colours.

Call our friendly & knowledgeable sales team to find out more.

Food packaging

Newline have a wide range of food packaging products designed to help you meet your sustainability goals. Whether you want to reduce your plastic usage, or ensure all of the waste you generate is recyclable, we can help.

From take-away boxes and cups, to cutlery and sauce pots, we will be able to recommend a product to suit your needs.

Speak to a member of our customer service team today to find out more.

As of October 2023, the UK Government will be introducing a ban on single-use plastics within the food industry.

In the UK it is estimated that 2.2 million tonnes of plastic packaging enter the consumer market each year.

To add to this, only 62% of food packaging is recycled.

We want to help you change this. Our range of food packaging includes recyclable, compostable, and biodegradable options.

What is the difference between "Compostable" and "Biodegradable" items?

Compostable items will break down into elements that benefit nature.

Biodegradable items break down leaving no waste, but aren't always beneficial for soil.

Both options are better than sending the waste to landfill, and they are even better than recycling!

Our Commitment To True Sustainability

As one of our core values, we take the journey to sustainability very seriously. Several studies within the UK have found that the food industry contributes heavily to landfill usage and non-recyclable plastic waste. We want to do our bit to help our customers reach their sustainability targets by offering eco-friendly alternatives which are not only recyclable, but also compostable and biodegradable.

CATERING & HOSPITALITY

DISPOSABLES

Bagasse is a great alternative material to traditional polystyrene catering disposables, being both **Biodegradable and Compostable**, it's seen as the most environmentally friendly material currently used in the foodservice industry.

Bagasse is a by-product of sugar cane production. It's the fibrous waste that remains after the juice has been squeezed from the sugar cane stalks. As a by-product, it doesn't require additional land and energy to grow and doesn't contribute to deforestation.

If you're interested in bagasse products, contact us today & our sales team will be able to find a product that fits your requirements.

Extremely strong, heavy duty toilet cleaner and descaler.

How well do your staff know the hazards that arise from using basic washroom chemicals?

Newline Essex offer a free COSHH awareness course for all our account customers.

HOUSEKEEPING & JANITORIAL

WASHROOM

V-Screen Urinal Screen (1 x 12)

Cool Mint – A44.056
Cucumber Melon – A44.057

V-Screen® urinal screens offer an effective means of keeping drains & urinals free flowing while urinals smelling clean.

The economical V-Screen®, fits over the drain or urinal, acting as a net to catch debris such as chewing gum, cigarettes, paper & other waste.

V-Screen® is range of passive aircare products - avoiding the fragrance clash in washrooms.

Wee-Screen Bubble Urinal Screen

Citrus Mango – A44.081CM
Linen Breeze – A44.081LB

Wee-Screen® Urinal Screen is a 30 day fragrance solution for most urinal shapes & sizes.

Made from EVA & recyclable, Wee-Screen® is an effective solution that reduces bad smells for up to 30 days with a deep bubble design that prevents splash back and drain blockages. Interlacing strips of EVA material form a strong lattice, making Wee-Screen® less rigid than other screens.

The first biological hygiene product to be delivered automatically using automated air care technology. Probiotic enzymes drop from the air on to washroom floors and proactively break down odour-causing ingrained organic deposits, such as urine, on floors and surfaces. Bad odours are gone in 2-3 days.

VisionAir LED Dispenser

A44.600

- ◆ Ideal for adjusting fragrance levels according to room requirement.
- ◆ Always fresh – operates 24 hours a day.

Biogene Air Clear Water

1 x 243ml – A44.651S

Biogene Air Pure Sun

1 x 243ml – A44.650S

Enclosed Toilet Brush Set

A13.101

Fully enclosed shaped toilet brush and holder which is suitable for cleaning and unblocking toilets.

Budget Plastic Toilet Brush & Holder - White

A13.304

White economy toilet brush and holder which is suitable for cleaning and unblocking toilets.

Sanitary Bag Dispenser Refills

25 x 25 – C69.006

Perfect for hotel bathrooms and other communal washroom areas, hygiene bags are made available to place used sanitary items inside before placing in an appropriate bin.

Loowy Toilet Brush & Holder

A13.106

Loowy is a new, revolutionary way to clean toilets, replacing the old fashioned and dirty toilet brush with a silicone, antibacterial and water repellent waveform blade.

Evans Non-PDCB Yellow Deodorant Urinal Blocks

1 x 3kg – A44.050

Detergent based toilet blocks with a clean fresh perfume for use in gents channels and urinals. Contains perfume to deodorise and detergent.

Delphis Eco Bio Urinal Blocks Tub

1 x 50 – A44.800

Delphis Eco bio urinal blocks are suitable for all types of urinals and troughs, including stainless steel, porcelain and ceramic.

Bloo Loo Toilet Flush

1 x 12 – A44.047

Removes bacteria whilst leaving a fresh scent behind. These blocks are only to be used in the toilet cistern but are also safe to use with septic tanks.

Deep Sink Gloves

Medium – A83.070A

Large – A83.070B

Deep Sink is an extra long latex glove with a soft cotton flock lining. Slip resistant pattern optimises grip especially in wet conditions.

BioHygiene Odour Neutraliser

6 x 750ml – A44.034

BioHygiene Odour Neutraliser utilises absorbent technology for fast removal of unpleasant odours, effectively refreshing and revitalising stale or foul-smelling surfaces and airways.

Delphis Eco Scented Air Freshener

6 x 700ml – A44.803

Delphis dual action Scented Air Neutraliser does more than just mask smells. It has been specially formulated to rapidly eliminate offensive malodours at source and replace them with a pleasant fragrance.

Airoma Air Neutralisers (270ml)

Baby Face – A44.020BFS

Cool – A44.020CS

Latin Passion – A44.020PS

Mystique – A44.020MYS

Citrus Mango – A44.020MAS

Citrus Tingle – A44.210CIS

Up to 3000 spray capacity, Airoma® 270ml Refills will fit the Airoma® Air Freshener Dispenser or can be used as a stand alone air freshener.

V-Air Solid (1 x 6)

Citrus Mango – A44.115

Apple Orchard – A44.114

MVP Dispenser (White) – A44.110

Containing no batteries, liquids or harmful propellants, the dispenser & refill works with natural airflow.

Charm Airfresh (12 x 240ml)

Lily White Flowers – A44.915

Rose – A44.914

Cotton Fresh – A44.917

Tropical Delight – A44.920

Lavender Breeze – A44.918

Eco EC8 Pink Zone Air Freshener

1 x 1L – A44.063S

Empty Trigger Bottles - A19.061C

Contains a patented ingredient to counteract malodours. Delivers a long lasting fragrance, with notes of lime, jasmine and rose. Ideal on fabrics which cannot be cleaned in a washing machine

Evans Fresh – Air Freshener & Deodoriser

1 x 5L – A44.501 6 x 750ml – A44.001

High quality, liquid freshener and odour neutraliser, for trigger sprays. Overcomes and neutralises tobacco and cooking aromas.

Airoma Dispenser

A44.040

Mini PowerZone I01.271

Portable and high power Mini PowerZone odour removal and air and surface disinfectant system.

The Mini PowerZone is a powerful and environmentally friendly odour and germ control system that uses UVC light to treat airborne contaminants passing through the unit, as well as producing purifying PhotoPlasma, to effectively remove germs and odours at source in any room. As it's lightweight and portable, it's a fast and effective way to deodorise and disinfect any room quickly so they can be reopened for use.

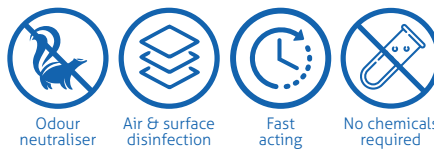

What does it deodorise and disinfect?

Cigarette smoke, fire damage, urine, food, pets and mould, along with airborne viruses and surface bacteria such as influenza, Salmonella and Streptococcus. Both elements of UVC and PhotoPlasma technology have been tested and proven effective against Human Coronavirus.

How does it work?

Air is drawn into the unit and treated using UVC light that kills microorganisms. At the same time a purifying PhotoPlasma is produced which circulates in the room destroying airborne and surface contaminants.

Key features & benefits

- Saves time and costs by eliminating odours at source.
- Portable so ideal for hotel rooms or emergency clean ups.
- Automated and chemical-free without leaving residue.
- Does not use consumables and minimal running costs.
- Minimal maintenance with simple UV lamp change rated for 9000 hours of use.
- Supplied with a carry handle, wall plug and one year warranty.
- Ideal to deodorise hotel rooms, care homes, holiday lets, vehicles, schools, office buildings, etc.

Why Mini PowerZone?

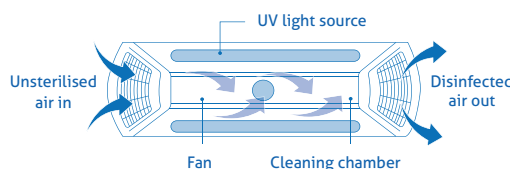

It is ideal for spaces that need to be cleaned and deodorised for a quick turnaround. Due to its effective air and surface disinfection capabilities, and its natural ability to destroy airborne viruses, it quickly removes odours without the use of chemicals.

How to use

Close any windows, doors and vents, place the unit on a table, set the timer and switch on. Then vacate the room and within 30 minutes (depending on room size and odour strength) the odour is removed and room disinfected. Reopen the windows and doors for 20 minutes to air the room, after which point it is ready to be used.

Health & Safety

When in use, people must say out of the room until 20 minutes after it has stopped.

If nature had
a choice ...

BioHygiene

**Not all Eco's were created equal.
Our eco-friendly products actually work.**

If nature had a choice it would probably choose our products. Market-leading technology harnesses the power of nature allowing you to clean effectively and protect the environment at the same time. In addition, we believe that you don't need to compromise on quality or cost to be sustainable. Biotech cleaning really can be more effective and easier to use than traditional chemical products.

HOUSEKEEPING & JANITORIAL

18 x 100 – B68.113

Combining top-level antibacterial testing with excellent biodegradable properties, these Uniwipe Bio Clinical wipes are the perfect tool for cross-contamination avoidance and infection prevention.

Tested to EN14476 and EN16615, they're effective to the highest levels against bacteria, enveloped viruses and yeast. Plus they're safe on all surfaces, including food areas - making them very versatile for a range of applications and environments.

Uniwipe Midi Clinical Cleaning and Disinfectant Wipes

10 x 200 – B68.112

Highly effective disinfectant cleaning wipes with outstanding microbiocidal performance. Clinical Midi-Wipes are active against bacteria, fungi & viruses. With dual action cleaning and disinfecting properties they are the perfect choice for medical environments, offices, schools and homes.

Azo Universal Cleaning & Disinfecting Wipes

20 x 50 – A34.828

2-in-1 alcohol-free cleaning and disinfectant range that is used in health and non-health areas where infection prevention and control is fundamental.

Surface Disinfectant Wipes

1 x 200 – B68.301

Designed for the safe disinfection of all hard surfaces including worktops, door handles, sanitary ware, stainless steel etc.

UltraGrime Pro Power Scrub Wipes (Extra Large)

1 x 80 – B68.501

UltraGrime Power Scrub is seriously powerful. Take out stubborn, ground-in grease, dirt & grime with ease – these Clothwipes have a textured side for extra scrubbing power.

Ultra Grime Pro Multi-Use Wipes (Extra Large)

1 x 100 – B68.500

Special formula designed to handle any and all messes no matter your line of work. Whether you need to clean up oil, grease, ink, paint, silicones, or uncured PU foam.

UltraGrime Pro Bio Multi-Use Wipes (Extra Large)

1 x 100 – B68.502

UltraGrime® Pro Bio wipes are 100% plastic free and created from plant-based biodegradable fibres. With recyclable packaging, these are the perfect solution if you have tough messes to clean but don't want to use harmful chemicals and plastic products.

THE NEWLINE HEALTH CHECK

How do you know if your premises are clean? They may look or smell clean, but how do we actually know? As part of our cleaning health check, we are able to measure this, so you can be sure that your staff members are cleaning the right areas with the correct products and equipment. We provide you with a report at the end, which includes photos and recommendations for you to share with your team in order to continually improve standards.

What is included in the Health check?

Areas

- ✔ Kitchens
- ✔ Laundry
- ✔ Store Cupboard
- ✔ Bedrooms
- ✔ Public Areas
- ✔ Washrooms

What's included:

- ✔ Signage
- ✔ COSHH
- ✔ ATP Swab Testing
- ✔ PPE checks
- ✔ Equipment checks
- ✔ Dispenser checks

Plus much more....

Disclaimer – The Newline Health Check is for information only and does not constitute, and should not be used as a replacement for, the company's own monitoring procedures. Reports are based on observations made at the time of the visit, and we suggest that all recommendations are carried out as soon as possible.

HOUSEKEEPING & JANITORIAL FLOORCARE CHEMICALS

Evans High Class - Neutral Floor Maintainer

1 x 5L – A34.003

Ideal for vinyl, terrazzo and polished floors. Approved for ALTRO flooring. Damp mop, spray clean or wipe.

Evans Clean & Shine - Perfumed Floor Maintainer

1 x 5L – A52.000

Removes scuff marks and restores gloss finish. Suitable for damp mopping and spray burnishing.

Evans Lemon Gel GP – Citrus Floor Cleaner

1 x 5L – A52.001

Leave a pleasing, fresh lemon fragrance. Ideal for damp mopping or spray cleaning with high speed floor machine.

Evans EMC Plus – Safety Floor Cleaner

1 x 5L – A52.050

Heavy duty alkali cleaner. Rapidly removes grease and heavy soil. Unperfumed - ideal in kitchen areas. Approved for ALTRO flooring.

Evans Rubicon – Oil & Grease Remover

1 x 5L – A34.026

Ideal for workshops, factory and garage floors, as well as for removal of body fat and heavy soil in the leisure industry.

Evans Eco EC7 – Hard Surface Cleaner

1 x 5L – A52.012
1 x 1L – A52.011S

Ideal for spray cleaning unpolished floors in conjunction with high speed floor machine.

Evans Easy Strip – Fast Acting Floor Stripper

1 x 5L – A50.000

Removes stubborn polish and heavy build-up. For use with a mop or floor machine. Does not need neutralising.

Evans Enhance – Floor Polish

1 x 5L – A50.001

Provides an extra durable, wet look finish. Ideal for prestigious floors. Excellent scuff and slip resistance.

Evans Low Foam Heavy – Multi-surface Cleaner

1 x 5L – A52.051

For combination machines and general cleaning. Removes heavy soiling with one pass of the machine.

Evans Liquid Defoamer

1 x 5L – A58.002

Add to waste tank of extraction machines. Reduces downtime of carpet machines due to excessive foam.

Evans Extract Pro – Carpet Shampoo

1 x 5L – A58.000

For use with carpet extraction machines. Removes dirt and stains and leaves fabrics clean and fresh.

Evans Spot Light – Stain Remover

6 x 750ml – A58.001

Produces an absorbent foam to emulsify soil. Quickly removes difficult stains. Suitable on colourfast carpets and furnishings

BioVate Carpet & Fabric Stain Remover

1 x 5L – A58.400

Ideal for cleaning carpets, area rugs, sofas, car upholstery, curtains and other surfaces covered with fabric or fibres.

Delphis Floor Maintainer

1 x 5L – A52.300

Ideal for mopping, spray cleaning and mechanical cleaning. Recommended for food storage areas.

Flash Professional All- Purpose Cleaner

Delivers 5-star professional cleaning and long lasting shine for all washable hard surfaces and floors.

Evans Clean & Shine Perfumed Floor Maintainer 1 X 5L – A52.000

Removes scuff marks and restores gloss finish. Suitable for damp mopping and spray burnishing.

Prochem Fivestar

101.021

Upright self-contained power brush carpet & upholstery cleaning machine

A highly compact and portable high performance carpet and floor cleaning machine, the Prochem Fivestar upright extractor enables any operator to achieve professional results and quick drying with the minimum of effort.

The Fivestar can also clean fabric upholstery with the optional upholstery tool as well as hard floors, tiles and grout with the built in All-Floor feature.

A completely self-contained design, combining a powerful pump and vacuum system with a power driven self-adjusting brush, means that there are no hoses or wands to attach.

Prochem is a leading manufacturer of cleaning products specifically designed for carpets, upholstery, and floors. Every Prochem product is manufactured in the UK.

Prochem Urine Neutraliser

1 x 5L – C80.001

1 x 1L – C80.023S

Exclusive Prochem acidic deodorant for neutralising and deodorising urine by direct application. Neutralises odour from urine deposits on contact and prevents staining.

Prochem Stain Pro

1 x 5L – C80.010

1 x 1L – C80.020S

Heavy duty water and solvent based alkaline protein spotter for blood, vomit, wine, ink, fresh tea and coffee and most food based stains. Clear liquid with mint fragrance.

Prochem Neutra-Soft

1 x 5L – C80.060

Neutra-Soft is an all-in-one carpet extraction cleaner, urine neutraliser, deodoriser and rinse agent. WoolSafe approved maintenance product for wool carpets and rugs.

Prochem Extraction Plus

1 x 5L – C80.003

Professional low foam cleaning concentrate for carpet soil extraction machines. Clear and stable at high temperatures and dries to a powder residue.

Prochem Citrus Gel

1 x 1L – C80.032

A citrus solvent and detergent based liquid gel spot remover for oil, grease, tar, gum and other oily spots on carpet and fabrics.

Prochem Shockaway

1 x 5L – C80.025

Anti-static treatment for carpets and other surfaces where static electricity build-up is a problem. Apply by low pressure spray applicator to clean vacuumed carpet.

HOUSEKEEPING & JANITORIAL

FLOORCARE MACHINES

ROTARIES – 16" MACHINES

All our floor pads are made from 100% recycled PET material and treated with antimicrobial agent baked into the pad.

Green Floor Pads

Available in all sizes (11 – 20")

Heavy-duty scrubbing pad intended for wet scrubbing and light stripping. Designed for cleaning heavily soiled areas. Machine speed up to 350 rpm.

Tan Floor Pads

Available in all sizes (11 – 20")

Polishing pad. Designed for light cleaning and maintaining all types of floors. Use dry. Machine speed up to 600rpm.

Red Floor Pads

Available in all sizes (11 – 20")

This pad restores glossy finishes while removing the scuff marks and dirt associated with medium traffic areas. This pad can be used for both dry or spray buffing to produce a sparkling shine. Machine speed up to 600 rpm.

Blue Floor Pads

Available in all sizes (11 – 20")

Wet scrubbing and medium-duty spray cleaning pad. Capable of removing heavy dirt and scuff marks from most floor surfaces. Machine speed up to 600 rpm.

Black Floor Pads

Available in all sizes (11 – 20")

Heavy-duty wet stripping pad. With an aggressive texture, this pad is optimal for removing wax, dirt and any finish. Machine speed up to 300 rpm.

White Floor Pads

Available in all sizes (11 – 20")

Extra-fine polishing pad. For use on clean and dry floors. A fine water mist can be used to produce a high gloss wet look. Also ideal for polishing wooden floors. Machine speed up to 600 rpm.

Nilfisk FM400 H 230V High Speed polishing machine

Ideal for high-speed polishing, scrubbing and spray cleaning of hard floors. The balance is excellent and the solid aluminium construction provides durability and extended life. The FM400 H is capable of a wide range of cleaning tasks: an ideal performance at an affordable price. Improved ergonomic features enables ease of use and transportation, such as the ergonomic handle, trip fuse, 15m cable and robust construction. The Offset deck is just 12cm high, enabling cleaning under furniture and radiators with ease.

Nilfisk FM400 D 230V Dual Speed scrubbing/polishing machine

FM400 D offers the choice of either 185 or 370 rpm for easy, efficient and cost-effective maintenance of virtually all floors. Built for standard and medium-duty use, this unit handles stripping or scrubbing as well as high-speed spray cleaning or polishing. Improved ergonomic features enables ease of use and transportation and cleaning under furniture and radiators with ease.

Nilfisk FM400 L 230V Low Speed scrubbing machine

The very silent FM400 L machines have a 43 cm brush/pad diameter and are designed for medium-duty usage, comfortable and fatigue free operation, producing effective results. Scrubbing and spray cleaning and stripping of hard floors, for example, are handled efficiently and quickly.

HOUSEKEEPING & JANITORIAL

FLOORCARE MACHINES

Henry Numatic Vacuum 240V Red B78.005

With a huge 9 Litre capacity, on-board cable storage and trouble-free cable rewind system, it provides the perfect balance of power, performance and convenience.

Equipped with a versatile and professional accessory kit, this vacuum delivers optimum cleaning results, wherever you need them. Plus, with a long-reach 12.5m cable and huge 31.8m cleaning range, there's less stopping to plug and unplug, keeping you cleaning for longer.

Henry Flexi Hose B78.704

Replacement hose compatible with Henry, Nuvac Big Tub, and Nuvac Small Tub.

Henry Head (Floor Tool) B78.802

Replacement floor tool compatible with Henry, Nuvac Big Tub, and Nuvac Small Tub.

Nuvac Big Tub Vacuum 240V Grey B78.005G

9L Capacity 620w Skirted Drum 12.5M Cable, onboard cable storage, anti-tip base & a furniture bumper bar.

The VNR200's cable & storage rewind system is cleverly designed, trouble free & spring free, keeping everything neat & tidy.

- ◆ Compact whilst offering professional 9L capacity
- ◆ Easy reach, 12.5 metre cable
- ◆ TriTex filtration system improves filtration, cleanliness & capacity

Nuvac Small Tub Vacuum 240V Grey B78.815

Powerful, professional cleaning technology from a high-efficiency, long-life motor. 2-stage TriTex filtration system, including high-efficiency, big-capacity HepaFlo Bags, not only raises performance standards, but also provides for clean and convenient emptying when full. Great features including a convenient carry handle, on-board tool and cable storage and handy NuCable system for quick and simple cable replacement.

Numatic Quick B78.500

A professional cordless stick vacuum that is designed and tested for commercial use bringing all the benefits of powerful cordless cleaning with no dust, no mess, and no fuss.

Numatic Quick compacts dust inside a high-efficiency filter pod system for a bigger capacity than many leading stick vacuums and offers hygienic, dust-free emptying.

Ready to go with 2 x interchangeable, 25.2V Numatic lithium-ion batteries, you can use one, charge one, for up to 120 minutes of cordless performance from Numatic Quick's powerful motorised brush head.

Vac Pods for Numatic Quick

1 x 10 – B78.501

A pack of 10 vacuum pods to fit the Numatic Quick.

Numatic Vacuum Bags (1 x 10)

Paper – B78.801

Cloth – B78.000

Compatible with Henry, Nuvac Big Tub, and Nuvac Small Tub.

HOUSEKEEPING & JANITORIAL

FLOORCARE MACHINES

Pacvac Velo I01.303

Powerful enough to tackle large commercial cleans, small enough to get into tight spaces, Velo is a versatile cleaning tool for both professionals and those wanting to achieve a professional quality clean at home.

Designed with leading-edge, lithium-ion rechargeable battery technology, and engineered with a brushless motor, this battery backpack vacuum is a durable and enhanced performer with a long motor life.

Velo is equipped with a Hypercone 4-stage filtration system to enhance performance and an open disposable dust bag to ensure peak suction levels are maintained as the dust bag fills.

Enjoy the comfort of the supportive ecoharness and wasitband, made by combining of high-quality materials with sustainable recycled textiles, resulting in an extra thick, padded harness.

Pacvac Velo Bags 1 x 10 – I01.303A

DC100 Bissell Commercial Carpet Cleaner I01.024

The BISSELL Commercial DC100 carpet & upholstery washer achieves a whole new level of clean with its powerful motors and extra large brush roll that pulls out deep down dirt. It's made of durable, high quality materials and features robust workmanship from top to bottom.

Viper LSU 135 I01.018

The VIPER LSU 135 is a wet/dry professional vacuum cleaner. It is easy to use, robust and has optimal suction power.

Tank capacity for LSU 135 is 35 litres and it has one motor. As standard, the machine is delivered with the following accessories: crevice tool, round dusting brush, wet pick-up tool and dry pick-up tool.

Sebo BS360 I01.015

Designed to be used for extended periods in comfort, the BS 360 is easy to maintain, with features such as replaceable brush strips and convenient unblocking access points. With a 36 cm cleaning head the BS 360 can clean a wide range of facilities. Able to clean flat to the floor, it can reach under furniture and its L-shaped head lets it clean under radiators.

TruVox Fleece Bags 1 x 10 – I01.019B

TruVox VBU I01.019

A dry vacuum cleaner; ideal daytime cleaning in nursing homes, offices and education facilities where power is not easily accessible or the use of corded machines poses a risk.

- ◆ Quick change battery system, so you experience maximum productivity – simply push the lever up to release the battery
- ◆ Lithium ion battery provides 50 minutes of runtime.
- ◆ Battery level indicator lets you know when the battery needs recharging.
- ◆ HEPA bag included.
- ◆ Weighs only 5kg and includes a convenient carry handle for easy transportation.
- ◆ A self-adjusting nozzle allows the vacuum to float evenly over all flooring surfaces, no manual adjustments are required.
- ◆ Edge cleaning feature provides improved cleaning near walls and stationary furniture.
- ◆ A squeegee is fitted on the bottom of the vacuum to improve cleaning results on hard floors.

BUCKETS, MOPS & TROLLEYS

Kentucky mops are designed for cleaning large areas and are also available in a wide range of sizes to suit the area to be cleaned. All of our Kentucky range is available in 4 different colours to prevent cross contamination in your cleaning regime.

Aluminium Kentucky Mop Handle

Blue – A20.701B Green – A20.701G
Red – A20.701R Yellow – A20.701Y

Aluminium handle with colour-coded grip and galvanised Kentucky mop holder.

16oz Interchange Kentucky Mop Heads

Blue – A22.014B Green – A22.014G
Red – A22.014R Yellow – A22.014Y

Premium quality 160g coloured yarn mophead with unique SYRTEX fibre, looped for fast dirt pick-up and water release. Launderable up to 300 times. **Goes with an interchange handle on page 55.**

Lady Combo Buckets

Blue – A26.011B Green – A26.011G
Red – A26.011R Yellow – A26.011Y

Lightweight gear action wringer and 9 litre capacity bucket, for Kentucky or socket mops. Complete with built-in dirt sump and grid to help keep water cleaner for longer and integral portion pod to prevent chemical overdosing.

Kentucky Clips

Blue – A20.701B Green – A20.701G
Red – A20.701R Yellow – A20.701Y

Universal Kentucky mop holder for 350g/450g mops, with a simple clip design that holds mop head securely. Fits onto screwfit heavy duty handles.

Twine Kentucky Mop Head

12oz – A22.004
16oz – A22.006

Made from low linting, thinner twine yarn. Suitable for rougher surfaces like safety flooring. Coloured tags to facilitate colour coding.

PY Kentucky Mop Head

12oz – A22.000
16oz – A22.002

This PY Kentucky mop is very absorbent and is best for laying down and picking up liquid. Coloured tags to facilitate colour coding.

BICSc Colour Coding System

Are you following the recommended colour coding system for the cleaning industry?

Colour coding is considered best practice for cleaning within a wide variety of industries. It can help prevent cross contamination, and improve overall hygiene ratings in your building.

Newline can help to implement a colour coding system for your cleaning staff, and train them on best cleaning practices. Contact our customer service team to find out more.

HOUSEKEEPING & JANITORIAL

BUCKETS, MOPS & TROLLEYS

It can often be difficult to not only use but also store all the equipment that you need for cleaning when space is limited. The Interchange range was created as a solution to this problem, improving efficiency in cleaning routines whilst also offering a more sustainable solution, making the most of available materials and minimising waste.

One handle does it all – fitting a wide range of cleaning tools, from mops to squeegees, Interchange handles are the perfect space-saving solution to simplifying the cleaning process.

Aluminium Interchange Mop Handle

Blue – A20.500B Green – A20.500G
Red – A20.500R Yellow – A20.500Y

Heavy duty aluminium handle to fit a range of cleaning products. Coloured grip for colour-coded cleaning. 137cm/ 4.49ft long.

Mini Interchange Freedom Mop Heads (200g)

Blue – A21.010B Green – A21.010G
Red – A21.010R Yellow – A21.010Y

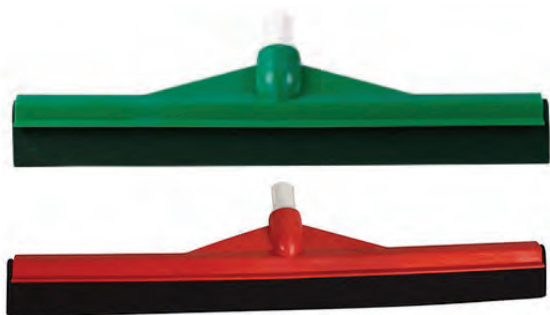

Economy cotton looped end mophead, with coloured band and socket, suited for smaller space mopping solutions. Launderable.

Midi Interchange Freedom Mop Heads (300g)

Blue – A21.011B Green – A21.011G
Red – A21.011R Yellow – A21.011Y

Economy cotton looped end mophead, with coloured band and socket, suited for smaller space mopping solutions. Launderable.

Interchange Floor Squeegee 17.5"

Blue – A24.000B Green – A24.000G
Red – A24.000R Yellow – A24.000Y

Durable plastic squeegee with high grade foam twin blade rubber. Designed to quickly remove fluids and spillages from hard floors for faster drying times.

Interchange Midi Syrsorb Mop Head

Blue – A21.004B Green – A21.004G
Red – A21.004R Yellow – A21.004Y

Highly absorbent 120g cut end mophead, with colour-coded socket, to deliver the ultimate in hygiene mopping. Non-woven and launderable up to 10 times.

HOUSEKEEPING & JANITORIAL

BUCKETS, MOPS & TROLLEYS

Abbey Mop Systems are a cost-effective solution for your cleaning regime. Offering a colour-coding system to prevent cross-contamination and universal screw head.

Aluminium Abbey Hygiene Handle

Blue – A20.702B Green – A20.702G
Red – A20.702R Yellow – A20.702Y

A versatile aluminium handle that can be used with mops, washable brushware and squeegees. Available with handle grip in five colours for easy colour coding.

Hygiemix Mop Heads 200g

Blue – A21.600B
Green – A21.600G
Red – A21.600R
Yellow – A21.600Y

Hygiemix Mop Heads 300g

Blue – A21.014B
Green – A21.014G
Red – A21.014R
Yellow – A21.014Y

A hardwearing mop made from a unique blend of bleached cotton and synthetic yarns. The stayflat band holds the shape enabling the mop to cover a larger floor area, whilst the looped end yarn prevents linting and the yarn tangling in use.

HX Socket Mop PY 200g

Blue – A21.005BS
Green – A21.005GS
Red – A21.005RS
Yellow – A21.005YS

HX Socket Mop PY 300g

Blue – A21.006BS
Green – A21.006GS
Red – A21.006RS
Yellow – A21.006YS

Designed to be compatible with both Abbey and Excel handles, the adaptability of the sockets removes the need to purchase new handles. PY is a thick absorbent yarn ideal for everyday use.

BUCKETS

Economy wringer buckets

Green – A23.006G
Blue – A23.006B
Yellow – A23.006Y
Red – A23.006R

15L Plastic Mop Bucket with Wringer

Blue – A23.100B Green – A23.100G
Red – A23.100R Yellow – A23.100Y

Mop bucket with large raised cone wringer. The bucket features a pouring lip and fixed handle. Available in the 4 hygiene colours

15L Heavy Duty Black Bucket A23.010

15 litre bucket which is very strong and hardwearing. Complete with fixed metal handle.

HOUSEKEEPING & JANITORIAL

BUCKETS, MOPS & TROLLEYS

Multipurpose Service Cart & 321L Lightweight Translucent Bag 62 x 102 x 94cm – 101283

Versatile multipurpose cart made from tubular steel with lightweight translucent vinyl bag, ideal for collecting and transporting bulky items in retail, hospital or hotel environments, or collecting waste. Includes a built-in support tray for heavier items. Folds away for easy storage when not in use, comes with a 321 litre lightweight translucent vinyl bag. A heavyweight translucent bag (104390) is sold separately.

321L Lightweight Translucent Vinyl Bag 66 x 91 x 99cm – 101282

321L Heavyweight Translucent Vinyl Bag 120 x 59 x 91cm – 104930

Castors, 10cm – 103999

Lockable Alpha Trolley

60 x 107 x 97cm 101228

The Alpha Trolley is ideal for larger working environments and lets you easily take all of your equipment with you. It is made from heavy-duty shock resistant plastic, with a lockable cupboard for secure storage. When not in use, the trolley can be folded into a compact size for easy storage.

This is an environmentally-friendly cleaning method as it significantly reduces the use of cleaning chemicals and water. And, because the flat mops are used damp, there's no need for wringing out and floors dry faster than traditional mopping resulting in a much safer task.

Lockable storage cupboard with shelf and tray

The trolley includes two 10 litre containers and lids, and two 12 litre lidded containers for pre-soaked mops and cloths, two red and blue wash net carriers, three anti-slip rubber handle grips. Buckets are available in four colours. Laundry nets are also available (sold separately).

Top Down Container & Lid, 10L – 101294

Container & Lid, 12L – 101295

Plastified Bag For Trolley, 60L – 101292

Drawstring Laundry Nets, 80L – 101310

ROKLEEN MICROFIBRE TROLLEYS

Rokleen is a versatile and compact trolley system for pre-soaked microfibre cleaning. The system uses the minimum of water to soak up to 20 mops in sealed containers.

This is a more environmentally-friendly cleaning method as it significantly reduces the use of cleaning chemicals and water. And, as the flat mops are used damp, there's no need for wringing out so floors dry faster than traditional mopping, resulting in a much safer task.

Caution Wet Floor Sign

A25.602

Durable polypropylene safety warning sign, with caution message on both sides. Text and images are printed using injection moulding to ensure high resolution and prevent fading.

Rokleen Midi Pre-soaked Mopping Trolley

60 x 112 x 99cm – 101321

The Rokleen Midi is made from heavy-duty, shock-resistant plastic, designed for stability, easy manoeuvring and storage. It includes red and blue 4 litre container and lids, a 20 litre container and hermetically sealed lid for pre-soaked mops and cloths, red and blue 60 litre waterproof bags for laundry nets, and three anti-slip rubber handle holders. Laundry nets are also available (sold separately).

Container & Lid, 4L – 101293

Top Down Container & Lid, 10L – 101294

Plastified Bag, 60L – 101292

Drawstring Laundry Nets, 80L – 101310

Rokleen Maxi Pre-soaked Mopping Trolley

60x116x126cm – 101317

The Rokleen Maxi is for cleaning larger floor areas with pre-soaked microfibre. It includes red and blue 12L containers with lids and a 20L bucket with a hermetically sealed lid for flat mops. Also red and blue 60L waterproof bags for laundry nets and three anti-slip rubber handle holders. Laundry nets also available (Sold separately).

Container & Lid, 12L – 101295

Top Down Container & Lid, 10L – 101294

Plastified Bag, 60L – 101292

Large Housekeeping Trolley

104807

Vinyl Bag 90L 42 x 84cm – 104808

A commercial grade housekeeping trolley featuring a large storage cabinet with adjustable shelf and lockable doors to secure supplies when unattended. It also features ergonomic handles, under cabinet storage, vacuum holder, hooded top for easy access and equipment slots.

Small Housekeeping Cart

108 x 48 x 67cm - 104964

The Housekeeping cart is a small service cart designed to make cleaning operations and room service in hotels, B&B's and holiday resorts easier, faster and more discrete. It's also recommended for areas where there are steps and uneven surfaces.

Vilcart All-terrain Trolley

66 x 85 x 110cm – 104350

The Vilcart trolley is designed for outdoor use with rugged back wheels and a waterproof cover to protect its contents from getting wet. Perfect for when cleaning staff need to move their equipment outdoors between lodgings over all types of terrain such as grass, gravel and paving stones.

Jolly Trolley

49 x 113 x 98cm – 101272

A compact cart made from hardwearing plastic, designed for use in confined areas. It has three levels of shelving for storage and transport of cleaning items, and a built-in hanger for waste bags. Comes complete with a 60 litre vinyl bag. Lockable box to store chemicals safely is sold separately.

Jolly Trolley Vinyl Bag

60L – 101274

Jolly Trolley Front Wheel

10 x 10cm – 101273

Jolly Trolley Rear Wheel

20 x 20cm – 101275

Jolly Trolley Lockable Box

28 x 36 x 34cm – 104384

Port-A-Cart Cleaners Trolley

104964

Multipurpose cleaning trolley made from tubular steel, with three storage areas for cleaning items and built-in hanger for waste bags. Comes complete with 100 litre vinyl waste bag and braked castors on the back wheels.

Port-A-Cart Trolley & Vinyl Bag

46 x 92 x 104cm – 101287

Port-A-Cart Vinyl Waste Bag

100L – 101286

Castors 8cm – 101288

Braked Castors 8cm – 104200

Folding Waste Cart & 205 Litres Lightweight Blue Vinyl Bag

57 x 71 x 91cm – 101268

A sturdy cart made from durable tubular steel, which holds an open waste bag for collecting rubbish. Includes a support tray for heavier items. Folds away for easy storage when not in use, and supplies with a 205L Lightweight Blue Vinyl Bag.

205L Lightweight Blue Vinyl Bag

55 x 53 x 71cm – 101264

205L Lightweight Blue Vinyl Bag with Lid

55 x 53 x 71cm – 104871

Folding Waste Cart & 205L Heavyweight Translucent Vinyl Bag

55 x 53 x 71cm – 101266

205L Heavyweight Translucent Vinyl Bag

55 x 53 x 71cm – 101265

Castors 8cm – 101288

10 Pocket Caddy Bag

Baggy Sweeping Set

29 x 98cm – 104490

29 x 98cm, (1 x 6) – 102935

Versatile lightweight sweeping set with jointed rubber blade, open ended pan and integral bag holder to remove and hygienically collect dirt at the same time.

Flexi Cleaning Tool

A18.708

A handheld tool which bends into shape to clean the trickiest places. The microfibre sleeve attracts and holds dust, and can be used dry for dusting or damp for tougher cleaning tasks. Can be used with cone fitting telescopic handles.

Microfibre Sleeve,
52 x 7cm (1 x 10) - A18.709

Chenille Microfibre Sleeve,
52 x 7cm, (4 x 5) – A18.044

Disposable Microfibre Sleeve,
60 x 7cm, (20 x 12) – 104181

Ergo-Globe Handle With Cone Fitting
90-162cm, (1 x 10) – 103164

10 Litre Top Down Container & Lid

10L – 101294

A hermetically sealed container used for pre-soaking mops. The tight seal prevents mops from drying out. An accessory for all pre-soaked trollies.

4, 6 & 12 Litre Container & Lid

4L – 101293

A useful container and lid with graduation marks. Available in three sizes and colour coded.

Container, 6L – 101223

Lid for 6L Container (1 x 10) – 101224

Container & Lid, 12L – 101295

Cleaners Caddy

30 x 40 x 17cm – 101682

An everyday essential carrier with strong grip handle and convenient multi-section compartments for tools, bottles and cloths.

Measuring Jug

1.5L – 101525

A 1.5 litre preparation jug with graduation marks to indicate how much solution to pour for pre-soaked microfibre cloths and mops.

Plastified Trolley Bag

60L – 101292

Water repellent trolley bag designed for use with laundry nets and carrying dirty mops and cloths.

HOUSEKEEPING & JANITORIAL

25L, 20 x 40 x 50cm – 101725

25L, 20 x 40 x 50cm – 103442

50L, 40 x 40 x 50cm (1 x 8) – 101726

50L, 40 x 40 x 50cm – 103443

Why is effective waste management important?

A study undertaken in 2020 by OECD (The Organisation for Economic Co-operation and Development) shows that only 9% of plastic waste is recycled globally, while 22% is mismanaged due to poor waste management practices.

By choosing the correct disposal units and providing multiple waste points in your business, you can help boost the percentage of recycled waste and prevent plastic ending up in landfill sites.

Steel Pedal Bin

Foot operated pedal bin with removable plastic liner for easy cleaning. Available in a choice of stainless steel or white powder coated resin finish.

- 3L, 17 x 17 x 25cm (1 x 6) – 101712

A69.102

Made from high quality and durable plastic. Wall mountable and can be wiped clean. It has a large capacity and is compact. It is ideal for use in busy washrooms and public toilets. Use Versa Twin Toilet Roll only.

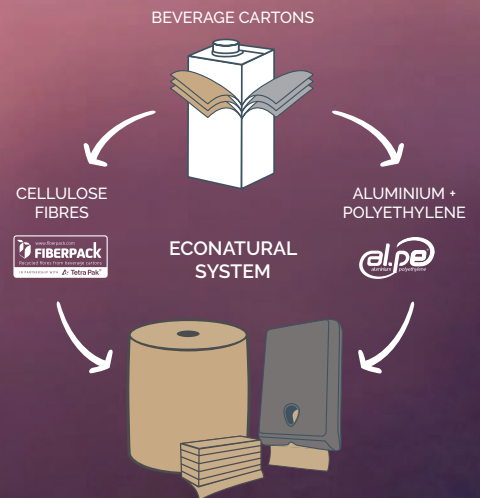

ECONATURAL EVOLUTION

CIRCULAR, CRADLE TO CRADLE, CERTIFIED.

EcoNatural is an eco-friendly PAPER+DISPENSER system, a fully certified and concrete example of circular economy. Lucart Professional gives new life to beverage carton components: it produces Fiberpack® from cellulose fibres to make paper, now Cradle to Cradle® certified, and uses aluminium and polyethylene to make AL.Pe.®, the certified recycled raw material used for making dispensers.

EcoNatural is the solution for future hygiene: a planet-friendly, quality choice for your customers.

Comply with UL94 Fire Safety and Fire Protection regulations (EU)

Eco-Natural Paper

The Future is Green.

EcoNatural is the innovative paper system that gives new life to beverage cartons.

Thanks to an innovative technology, the components of Tetrapak beverage cartons are separated from cellulose fibres, Fiberpack is created, with which it produces an eco natural paper. From the aluminium and polyethylene it produces Al.Pe, the new raw material used for making dispensers.

We will certify you to show how many trees are saved by switching from your current paper range over to the new Eco Natural range. We can also certificate a reduction in carbon footprint. Contact us now to find out more!

L-One Mini: ▶

L-One Mini is the paper dispensing system that combines savings, hygiene, and convenience. Single-sheet dispensing allows paper consumption to be reduced considerably, since users can pull out only the amount of paper they actually need, without the risk of contamination. The tissue will disperse within 20 seconds of flushing, meaning no clogging and no bad smells. All whilst improving savings and sustainability.

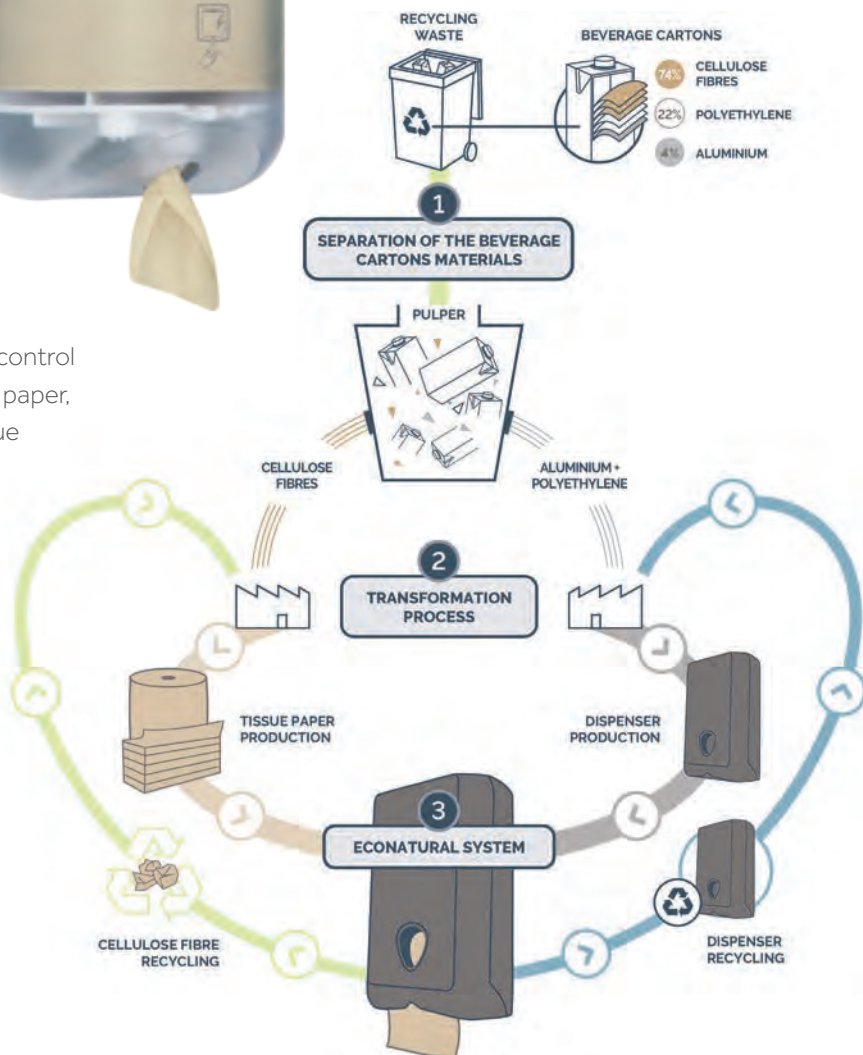

◀ Identity:

The Identity is the complete range of dispensing solutions that combine maximum efficiency with cost control and perfect reliability. Offering a range of eco-certified paper, made with virgin fibres, recycled and eco-natural for true environmental sustainability.

Identity auto-cut toilet paper dispenser offers a proven 45% reduction in use against generic rolls. Lower consumption with true sustainability.

Identity Touch Free Towel Dispenser

Black – A69.049B

White – A69.049

HYGIENE AND SAFETY

The dispenser is fitted with a motion-sensitive electronic sensor that allows paper to be issued automatically, so as to avoid exposure to any contamination. Paper towels are hygienic, safe and recommended by the WHO guidelines on good hand hygiene.

COSTS UNDER CONTROL

Thanks to custom dispensing, the dispenser encourages the user to use one sheet at a time, avoiding useless waste. What is more, the system lets you customise the sheet length and adjust sensor sensitivity as well as the paper dispensing interval.

NO SERVICE INTERRUPTION

Should the batteries run out, the dispenser will continue to work with the handy push bar system.

EASY INSTALLATION AND MAINTENANCE

Should the Identity hands dispenser need to be replaced, no additional holes will be required. The LED indicates proper operation with a blue light, low batteries with a blinking red light, and fully depleted batteries with a steady red light so that they can be easily replaced.

Identity Autocut Roll Towel Dispenser

Black – A69.050B

White – A69.050

ULTRA-SMOOTH DISPENSING

The new Smooth-Cut internal mechanism allows for smooth paper dispensing and the certainty of always having intact paper available, even with wet hands.

REDUCED CONSUMPTION, SPACE AND COSTS

The dispenser with the automatic cut system offers a certified 45%* reduction in consumption: less waste, less storage space and lower transport costs.*

HYGIENIC AND PRACTICAL

The single-sheet dispensing system ensures the customer only comes into contact with the sheet required, preventing potential contamination. Moreover, easy consumption monitoring, optimised sheet tear off length and controlled dispensing ensure significantly reduced maintenance and refill times.

Identity Autocut Toilet Dispenser

Black – A69.051B

White – A69.051

SAVE WITH THE AUTOMATIC CUT

Thanks to automatic cutting, the dispenser only dispenses one sheet at a time to decrease paper usage, with a certified 45% reduction in consumption.

ZERO PAPER WASTE WITH THE STUB ROLL

Thanks to the new internal mechanism, the roll is used up to the last sheet, with estimated savings of up to 18m of paper for each roll.

ABSOLUTE HYGIENE

The single-sheet dispensing system ensures the customer only comes into contact with the sheet required, thus protecting the rest of the roll from potential contamination.

DISPENSER SERVICES

The Newline Service is totally comprehensive; from carrying out site surveys, arranging dispensers free-on-loan, to a quick & efficient installation, all at your convenience.

SITE SURVEYS

At Newline, we want to share our knowledge of best practice with our customers, and ensure that the products they buy from us provide them with the highest level of value for money, whilst also fully meeting their unique requirements.

Newline boasts a team of knowledgeable and well-trained customer account managers who are able to undertake site surveys, providing you with a recommendation of dispenser or dosing equipment that will meet your requirements in terms of budget, efficiency, site size and traffic volume, industry best practice, and any special requirements you may have.

These surveys are free, and you are not tied in to any commitments afterwards.

FREE ON LOAN AGREEMENTS

We understand that buying your own dispensers adds more cost & worry to what can often be an already fast-paced working environment. What dispensers will you need? Where will you put them? What products go inside? We want to take the worry out of cleaning by offering free on loan dispenser agreements. We supply the dispenser, free of charge, and can even arrange installation for you.

SKIN CARE

At Newline we supply many of the industry's leading brands of hand soap, hand sanitiser and hand lotions to cover all your hand care needs.

Our soaps vary from liquid, foam, scented, unscented and antibacterial to luxury and hotel amenity sized bottles from brands like Prija or Anyah.

Please note that LTX ,TFX , FMX dispensers only are discontinued but all Refills are still available from us.

Passes EN 14476 against all enveloped viruses with a 1 minute contact time.

Quickly evaporates without residue. Added moisturiser to protect skin.

Authorised Biocide: UK-2019-1195-0001.

A clean facility starts with the PURELL SOLUTION™

PURELL® ES8 Dispensing Systems

When you choose the new PURELL ES8 hand hygiene dispensers, you're not only getting trusted hand hygiene products, you're also getting a revolutionary touch-free dispenser design that addresses the two most common service issues – empty dispensers and worn out batteries.

Breakthrough Energy-on-the-Refill Technology

Each refill comes with a coin cell battery that's integrated into the refill. Touch-free dispensing without the hassle of battery change outs.

AT-A-GLANCE™ Refill Design

We make it easy to monitor product levels with one quick look, saving time and labour, and eliminating complaints about empty dispensers.

Built for Sustainable Performance

The PURELL® ES8 dispensing system represents a 68% reduction in battery waste¹, and a 15% reduction in greenhouse gas emissions¹ when compared to leading touch-free systems on the market².

Secure

LOCK OR NOT™ technology can convert to a locking system.

Easy Recycling and Disposal

PET bottle and refill components are easy to disassemble.

PRIJA

Our luxurious collection of Prija body and hair care products are designed to provide a five-star experience that your guests won't forget. With its fine ingredients and warm, earthy fragrance, Prija is ideal for hotel & country pub guests.

Prija's cleansers and creams use exotic plant extracts from western and eastern botanical regions, with special aromatherapy scents designed to create a relaxing experience.

All with naturally beneficial properties, the Prija toiletries range is hypoallergenic, taking the stress out of choosing the perfect range for your guests.

Moisturising lotion for hands and body nourishes and moisturizes dry skin. Formulated with organic seed oil derived from organic farming and enriched with rosemary leaf extract.

The Anyah range of products for face, body, and hair has been formulated according to the philosophy of minimalism using carefully selected ingredients of the finest quality. The entire range is enriched with special essences which give Anyah its unique, fragrant character reminiscent of the sea.

Circular packaging for a better world.

Anyah chooses to reduce the environmental impact throughout its life cycle, from extraction of raw materials through the manufacturing process to its use and disposal. LCA results are displayed on each product with the percentage of CO2 saved.

SKIN CARE

HAND DRYERS

The Pebble is the only hand dryer to offer true multi-product Plug & Play functionality. It has a low environmental impact without compromising on style or efficiency – producing 90% less CO₂ compared to other hand dryers.

A high quality, low-cost hand dryer that would be a fitting finish to any stylish washroom, the Plug & Play offers an easy to use snap in/out system, removing the need for skilled labour.

The unique design is stand out, but the noise level isn't.

Along with the sleek and modern look, the Pebble Plug & Play also boasts ION PURE antimicrobial metal ions – preventing the buildup of offensive odour, and bacteria, mould and viruses growing inside the hand dryer. 'Clean Air' filtration offers the user an added layer of hygiene.

Pebble Plug & Play Hand Dryer

H01.000W – White

H01.000S – Satin

H01.000B – Black

A high quality, low carbon hand dryer equipped with an intelligent H13 media filter, helping to maintain hygienic protocol. It's digital brushless motor negates the need for maintenance, making it perfect for high footfall environments, whilst its secure Plug & Play® functionality allows for easy installation, replacement, and servicing.

Conti Wet Body Wipes

26 x 50 – C68.213

Disposable incontinence wet wipes provide an all-in-one solution to patient cleansing. Can be used to quickly wipe the hands and face or a continence care wipe can be used as an entire solution to body washing.

Uniwipe Soft & Gentle Cleansing Wet Wipes

14 x 80 – C68.012

Combining strength, softness and absorbency, these wipes are the perfect solution for individualised continence care, bathing regimens and any other type of patient care.

Baby Wipes

12 x 72 – C73.121

Alcohol free, hypoallergenic and pH balanced baby wipes. Gentle on skin.

Conti Soft Large Wipe

32 x 100 – C68.201

Conti® Soft provides strength and softness to support daily cleansing needs. Soft enough for use on fragile skin.

Conti Lite Large Dry Wipe

32 x 100 – C68.200

Conti® lite combines strength and performance in a lightweight material. This everyday wipe provides a cost-effective, reliable option, for a range of care tasks.

Conti Lite Regular Dry Wipe

32 x 100 – C68.208

Conti® lite combines strength and performance in a lightweight material. This everyday wipe provides a cost-effective, reliable option, for a range of care tasks.

Conti Macerator Wipes 30 x 28cm

16 x 75 – C68.207

Provides a more environmentally friendly alternative. Designed to disperse once disposed of in a hospital macerator, this option supports a reduction in blockage and costly callouts.

Conti Cotton Soft Wipe 30 x 28cm

20 x 100 – C68.206

Conti® Soft provides strength and softness to support daily cleansing needs. Soft enough for use on fragile skin.

Nilaqua Body Wash Skin Cleanser 500ml

1 x 500ml – B02.033

Nilaquas towel off skin cleanser has a kind and gentle formula that allows you to wash effectively without water, removing the usual sweat and odours leaving you feeling fresh.

Conti Flushable Dry Wipes - 55gm - 24 x 22cm - CF050 28x50

C68.203

Particularly ideal for continence care and designed to cleverly break into fragments when they have been in the water for 15 minutes.

Conti Flushable Moist Wipes 22 x 17cm

27 x 24 – C68.202

Specially designed macerator-friendly wipe that is flushable and impregnated with a gentle formula containing no soap, alcohol or lanolin and is pH-balanced to 5.5.

Oasis Maceratable Bedbath Unperfumed Wipes 8 x 42 – C68.221

Impregnated with skin cleansers to help remove sweat, dirt, urine and faeces from the skin. The large, soft washcloths are intended to be used individually, with one single-use per region.

Oasis Rinse Free Shampoo Cap Perfumed 1 x 30 – C68.222

Pre-saturated with a mild shampoo and conditioner.

Cleansing the hair when massaged into the scalp, oils and dirt are absorbed into the cap itself. No rinsing required.

All Personal Care Toiletries such as Shower gels, Shampoo, Conditioners, Dental, Deodorants, shaving etc will be provided upon request.

Medley Ergo Hi-Lo Profiling Bed Standard Hand Set

Without Rails - B50.025 With Rails - B50.028

The height of this Hi-Lo Profiling Hi-Lo bed offers increased security for clients enabling them to sleep with real peace of mind. The Medley Ergo Hi-Lo sits to the floor, (21 cm in height) which combined with a floor mattress, means that if a fall does take place any harm is reduced. Carers also have the option to raise the bed to a more suitable height, when necessary.

This Medley Ergo Low Bed makes it easier for clients to get in and out of bed, providing more independence and it is dual height adjustable, offering a 21 - 61 cm and a 28 - 68 cm height option.

Four section profiling mattress support Medley Ergo beds come with a full electric mattress support platform to suit individual patient requirements.

Product Specification

- ◆ Width outside: 102 cm
- ◆ Width inside: 90 cm
- ◆ Length outside: 224 cm
- ◆ Length inside: 208 cm
- ◆ Height adjustable: 21 - 61 cm or 28 - 68 cm
- ◆ 0 - 70° Backrest angle
- ◆ Thigh angle: 0 - 24°
- ◆ Legrest lift: 0 - 11°
- ◆ 11° Tilt option.
- ◆ Weight of bed: 64 kg
- ◆ Heaviest part of the bed: 17 kg
- ◆ Safe Working Load: 180 kg (28.5 stone)

Medley Ergo Profiling Rails Standard Hand Set

Without Rails - B50.005

With Rails - B50.027

All the Medley Ergo profiling beds are the perfect balance of budget, functionality and quality requirements. In essence, they offer cost effective patient care. They are also easy to transport and assemble. The four-sectioned profiling mattress support allows for a range of height combinations, providing an ideal position for the carer and comfort for the user.

Double height positions on bed ends Adjustable height range of 33 - 73 cm or 40 - 80 cm are available for the Medley Ergo.

Four section profiling mattress support Medley Ergo comes with a full electric mattress support platform to suit individual patient requirements.

Product Specification

- ◆ Width outside: 102 cm
- ◆ Width inside: 90 cm
- ◆ Length outside: 224 cm
- ◆ Length inside: 208 cm
- ◆ Height adjustable: 33 - 73cm / 40 - 80 cm

- ◆ Thigh angle: 0 - 24°
- ◆ Legrest lift: 0 - 11°
- ◆ 11° Tilt option.
- ◆ Weight of bed: 64 kg
- ◆ Heaviest part of the bed: 17 kg
- ◆ Safe Working Load: 180 kg (28.5 stone)

Medley Ergo Essential Care Mattress B26.060

Designed for frequent, everyday use, the profiling mattress is an ideal entry level support surface that is suitable for a vast range of care environments including hospitals, residences and nursing homes.

The Invacare Essential Basic Profiling Mattress has specially designed supportive foam that dissipates any pressure that builds up in localised areas for complete comfort and relaxation. With versatility in mind, the profiling mattress can be used on any mattress support frame and is suitable for a vast majority of bed types, including hospital style beds and profiling beds.

Supplied with a 1 year manufacturer's warranty as standard for complete peace of mind, the profiling mattress has a multi stretch polyurethane fabric cover that is hardwearing, waterproof and breathable for improved hygiene.

The use of side rails with profiling beds is crucial to prevent falls from the bed and subsequent injury and whilst the beds by Invacare are fitted with side-rails, the Medley Ergo Full Length Rails are often required as a replacement.

Medley Beech Wooden Side Rails For Medley Ergo Bed B50.003

These wooden side rails for Medley Ergo profiling beds provide peace of mind, ensuring the patient does not roll over and fall out of bed during movement or profiling.

- ◆ Easy to connect onto the bed
- ◆ Provides support and peace of mind for users
- ◆ Ideal as replacement or spare rails

2 Tier Mesh Buffers With Anti-Entrapment C31.006

Full-length bed rail protection specifically designed for use with rails that drop down and profiling beds.

These mesh buffers will prevent entrapment, and provide soft padding to protect patients.

Olympic 180 Hoist B50.006

The Olympic 180 Hoist benefits from the rigorous ergonomic design procedures and quality checks. It has been constructed from high quality powder coated steel that will provide years of reliable service.

- ◆ Safe Working Load: 185kg/29 Stone
- ◆ Lifting Range: 1755mm
- ◆ Length: 1265mm
- ◆ Height (Highest/Lowest): 1335mm/2010mm
- ◆ Leg Inside Width (Closed/Open): 490mm/1075mm
- ◆ Castor Size (Front/Rear): 75mm/100mm
- ◆ Carrier Bar Type: 3 hooked safety attachments for loop slings

Ascent 180 Stand Aid B50.007

The Ascent 180 Stand Aid has an impressive range of ergonomic features to provide a safe and dignified lift. It is uniquely designed to provide three functions; as a transfer hoist, as a sit to stand hoist and as an aid to rehabilitation by assisted standing.

- ◆ Lifting Range: 885mm
- ◆ Product Length: 1190mm
- ◆ Safe Working Load: 180kg (28 Stone)

PPE, SAFETY, FIRST AID

GLOVES

Nitri-Tech Gloves (Pair)

Blue – A83.112

Green – A83.113

Available in S, M, L and XL.

Offers very good abrasion and puncture resistance and protection against a wide range of chemicals including strong detergents, oils and certain solvents.

Black Thick Rubber Gloves

A83.332

Cotton flock lining absorbs perspiration and keeps hands dry, cool and comfortable. Provides protection against a wide range of chemicals. Available in Medium, Large and X Large.

Rubber Household Gloves (1 x 12)

Blue – A83.050B

Green – A83.050G

Red – A83.050R

Yellow – A83.050Y

Latex rubber household glove. Ideal for protecting hands from chemicals when cleaning or washing dishes. Available in S, M, L and XL.

Deep Sink Gloves

Medium – A83.070A

Large – A83.070B

Deep Sink is an extra long latex glove with a soft cotton flock lining. The slip resistant pattern on the palm and fingers optimises grip especially in wet conditions.

PVC Gauntlet Open Cuff 18"

A82.002

These gauntlets are fully coated and have a soft, comfortable cotton interlock lining. The coating has a smooth finish and offers excellent abrasion resistance.

Keep Clean Rigger Gloves

A82.001

Classic double palm rigger is constructed to offer outstanding protection. The additional reinforcement to the palm and forefinger areas ensures improved durability. Ideal for use in construction, landscaping, agriculture and forestry.

White Cotton low-Lint Gloves

A83.003

These gloves can be used underneath vinyl/nitrile/rubber gloves to protect sensitive skin.

Cold Grip Glove – Orange & Blue

A83.405 Available in S, M, L and XL.

Specially designed for use in cold conditions. The crinkled latex finish offers excellent grip and the warm acrylic 7 gauge liner provides level 2 contact cold protection against cold hazards.

Finite Orange Grip

A83.455 Available in S, M, L and XL.

Thicker than a standard disposable, it offers the choice of use as a heavy duty disposable glove or a lightweight re-usable glove. Features a diamond grip pattern over the entire glove which optimises surface performance and ensures an exceptional grip.

Clear Vinyl Non-Powdered Gloves

1 x 100 – A83.101

10 x 100 – A83.101C

Available in S, M, L, and XL

Manufactured from: PVC plastisol. Latex free: reducing the risk of hypersensitivity and allergic reactions. Powder Free: Reduces the risk of product contamination. Food Contact: Tested in accordance with European standard EN1186 making it suitable for food contact

Blue Vinyl Non-Powdered Gloves

1 x 100 – A83.102

10 x 100 – A83.102C

Available in S, M, L, and XL

Manufactured from: PVC plastisol. Latex free: reducing the risk of hypersensitivity and allergic reactions. Powder Free: Reduces the risk of product contamination. Blue glove: Offering traceability for the food industry. Food Contact: Tested in accordance with European standard EN1186 making it suitable for food contact.

Blue Nitrile Non-Powdered Examination Gloves

1 x 100 – A83.316CS

1 x 100 – A83.316C

Available in S, M, L, and XL

Manufactured from: Nitrile butadiene. Latex free: reducing the risk of hypersensitivity and allergic reactions. Low in residual chemicals: To reduce the risk of contact dermatitis associated with these chemicals. Flexible material: For improved feel and fit reducing fatigue during extended wear. Strength: Offers better puncture, tear and abrasion resistance than natural rubber or vinyl.

Black Nitrile Gloves

10 x 100 – A83.211 Medium

10 x 100 – A83.210 Large

10 x 100 – A83.212 X large

Strength: Synthetic rubber offers better puncture and abrasion resistance than natural rubber or vinyl. Comfort: Soft elastic material feels cooler and is more comfortable and flexible to wear. Sensitive Skin: No latex proteins - eliminates protein sensitisation. Powder Free: Reduces the risk of product contamination. Grip: Textured fingertips for improved grip. Food Contact: Tested in accordance with European standard EN1186 making it suitable for food contact

Smooth Polythene Disposable Gloves

1 x 100 – A83.318

Available in S, M, and L

Manufactured from: Polyethylene

Latex free: reducing the risk of hypersensitivity and allergic reactions
Flexible material: For improved feel and fit reducing fatigue during extended wear
Bagged: For easy dispensing
Powder free: Reduces the risk of dust contamination
Food Contact: Tested in accordance with European standard EN1186 making it suitable for food contact

Triple Glove & Apron Dispenser

A83.331

Wall mounted but removable. Supplied with fittings. Keeps surfaces clean and clear. Can also dispense bags instead of aprons.

PPE, SAFETY, FIRST AID

SAFETY

Polythene Apron (On a Roll) 27 x 42" – 5 x 200

The
newline
Group
Celebrating **30** Years

2017 - Newline launch their new website.

Launching the new website helped Newline to streamline the customer experience, allowing people to order online.

2017

2018 - Newline bring it's first range of enzyme-based cleaners to the market.

With sustainability at the forefront of their core values, Newline partner up with leading UK manufacturers to bring an innovative range of fully enzyme-based cleaners to the market.

2022 - Newline Essex acquire Total Cleaning.

The acquisition of Total Cleaning allowed for rapid growth in the Newline Group.

2018

2022

2023 - The Newline Group now services over 2,000 customers across the UK.

Thanks to the dedication of our friendly & knowledgeable sales, marketing & customer service teams, as well as the earlier acquisition of Total Cleaning, the Newline Group now proudly services over 2,000 customers across the UK.

2023

2018 - Newline partner up with i-Team Global

Partnering with i-Team Global helped Newline to bring the latest industry innovations to market and laid the foundations for the Newline Health Check, and Vital 4D Cleaning Approach.

2018

2022 - Newline develop the Vital 4D Approach to Cleaning.

Newline develop the innovative Vital 4D Approach, focusing on reducing costs, saving time, and improving cleaning efficiency through the latest industry innovations and methods. As well as the approach, Newline launched their own range of "Vital" products, aimed to support the approach and provide cost-effective solutions to their customers.

2022

2022 - The Newline Team grows to over 50 employees.

As Newline grows, so does it's team. Newline were pleased to discover in 2022 they employed over 50 people across the group.

2022

2023

2023 - Newline reach a milestone - 30th year trading
